ABOUT ALPHA

Alpha Mechanical was founded by James Brewster in 2021. Dean Smythe joined as Co-Managing Director in 2024. Together, the Alpha team brings more than 35 years of combined mining experience. Our crews arrive inducted and ticketed, work to your safety systems, and keep you informed from start to finish.

Our mission: to keep our clients' machines performing at their best, with work delivered promptly, safely and at a fair price.
